Mom how I miss you. I will never forget how you always comforted me when I needed someone to tell me everything would be okay. No matter what. I will never forget our special day as I climbed in bed with you when Dad and Jeff went down to the cafeteria to have lunch. I told you it was okay if you were tired and I also said that you were such a fighter that no matter what you decided we were here to support you. I will never forget that special time we got to share together because that was our last. Please know how much I miss you as we all do and I think of you everyday when I see things such as butterflies and hummingbirds and I'm looking at recipe books because I remember how much we love that. I miss you and we all do
