Barbara Camm She was my mother, but not only the best mother any child could dream for . She was the best Grandmother her grandchildren could ask for, she was very close to each and everyone of them, She was my BEST FRIEND that was both ways, I enjoyed every minute we spent together, which was everyday pretty much we talked on the phone twenty times a day maybe more, she always was there for me and her son my brother, no matter what, she never failed her dedication of being our mother, I hope I have become just half the women she was. I will miss everything about her everything we did together, I can't even imagine life without her, it's not at all in my vocabulary to believe shes gone. Barbara Camm my mother was the best women I have ever met in my life, she was a very dedicated wife mother, sister, aunt and grandmother, and even a great-grandmother, she had many friends, but also still best friends for years, when she retired she said I don't know how I even had time to work, she kept herself very busy, if she didn't garden, then she was quilting or sewing, or helping someone with something. We took a lot of trips, she enjoyed our adventures too. She was the most amazing women to everyone who met her. Talk about fun and funny, she could run the show. All I know is that Life will never be the same without her in my life. I can't even imagine Mother's Day without Her. We had so many rituals I will miss her daily, hourly, and just by the minutes. Days seem so long now, I hope shes happy in heaven cuz I know she went straight there. I Love you mom forever, for eternity, thank you for always being the best mom ever. I was very blessed to have you. I will look for you in our special places hope to feel you there your daughter forever in my heart and soul forever blessed to have had you in my life and as my mother just know it going to take me some time to get through this, I will be looking through the holes of heaven in hopes to hear you or see you. Your only Daughter
