**M**arc was born in San Diego on June 15, 1976 at Mary Birch Sharp Memorial Hospital. He was 38 years old when he passed at home on January 29th surrounded by his family. Marc was an avid sports fan, he loved watching UFC fights with his friends. He started rooting for the University of Michigan, Wolverine football team in junior high school and never stopped, ‘Go Big Blue”. He graduated from Monte Vista HS in 1994. He started his purchasing career in 2000 and completed his Purchasing Certificate at UCSD in 2005. Marc loved his career path and was working at Senior Aerospace Ketema in El Cajon. He enjoyed the outdoors, camping at Paso Picacho and hiking Stone Wall in the Cuyamaca Mountains and especially playing and watching golf. You would always find a smile on his face. Marc preceded in death his parents Bonnie and Charlie, and his sister Beth, and his four legged daughter Letty. Marc will be truly missed by all of us who loved him. Not a day goes by that your not missed. Its a few days short of a year and in no way does it even seem possible. The hurt and sadness doesnt ever go away but i guess we just learn how to deal with the pain. At least one happy thing came out of this and that your no longer suffering. I know your watching over us all you have already proved that. We love you Marc. Taryn and Sydney

I'll never forget you my brother.... You had a smile that lit up an entire room and a personality that could not be forgotten. You taught me to always stand up for what is right and to never waiver from doing what's right, no matter how hard it may be. You also taught me the sport of golf club throwing during our many golf outings together. I'll never forget how you convinced me eating california burritos were the same thing as vegetables, our 2 hour lunches to la jolla so you could have your French dip soup and the ridiculous phone messages you'd leave me after I had missed a day of work. Your singing needed some help, haha. I'm convinced I'll never meet another person as impactful on a group of strangers as you, when I walk into the dentists office my first 30 minutes is spent telling everyone there how you're doing. I'll miss you, but I will never forget you. You fought a good fight and never complained or used it as an excuse for pity one time. I have so much respect for the man you were brother, and you way will stay with me forever. Life is not fair, if it was, people like you who add so much happiness and joy to the world would still be here. Until we meet again my friend.....
