Mary Gassman posted:

Dear family of Doris: I was a classmate of your mother's in Nursing Training in Philadelphia. She frequently invited us student nurses to her home in the suburbs for a much-needed delicious meal cooked by her mother. We could always depend on a lot of hugs from Mother and Dad Baker. Doris and I have kept in touch over the years and visited each other several times. I feel as though I know you girls and remember the visit two of you made with a singing group when we lived near Lancaster. My husband, Bill and your dad always got along famously and we remember well a trip we took together to Nova Scotia and Prince Edward Island. I am so sorry to just learn of your mom's passing and know it leaves a void in your lives. She leaves many fond memories. I will let the other living classmates know the sad news. Jodi, my thoughts and prayers go out to you, Kim, Marla and your families. I have such fond memories of your mom. While I spent a lot of time at your house while in elementary and jr high school, she (and your dad) were always so warm and welcoming to me, so kind, and they were always SO much fun. I recall when your mom made a dress for me, to match yours, for a school costume day. How sweet was that! When I think of your parents, it puts a smile on my face. They were great role models for me during those years; they were both very special. May your many treasured memories bring you comfort. God bless.
