Kathleen, I met you once at your parent's 50th wedding anniversary party. Faye sent me a copy of a picture taken that day of she, Harvey and the two of us. We will always remember them. Our prayers are with you and the family. I worked with your mom at Spectral Dynamics/Scientific-Atlanta. Ray & Marielle DeForge

So so sorry to hear of your mom's passing, Kathleen. Both your mom and dad had a very special place in my heart..first came to know them through the UCSD ADRC and was there on the day you lost your dad. Your mom kept in touch and called whenever the rufus hummingbirds made an appearance, as we believed that Harvey's spirit was carried on the wings of one of these special orange-colored, feisty little birds. My heart is heavy but I know that Faye is once again resting in the arms of the love of her life. I know you have many very special memories to carry you through this really tough time. Stay strong, Cecily Jenkins

Thank you mom or as I called you, Faye. Thank you for being the best mom you could be. I remember when I was a kid everyone you and daddy for parents. I loved that. I miss you all so much. I hope you have the love of you life waiting for you and that you have found Sandy happy and speaking again. Until we meet again in heaven just know I could not have asked for a better mom.
