Dona is a "lady" who's "integrity" was known by how she lived her life. Although she is my "Aunt Dona" she is also my friend. I love her, I miss her and to keep her close to me I have adopted and implemented a few of the characters I admire most about her.

Dona has always been a part of my life. She will be missed by us all. It is hard to see family members pass away especially when they have always been there. Dona taught me lots of good things and I do appreciate that. She was loved and she loved us. It is nice to think of her being with our other loved ones who have preceded her in death. What a reunion they must be having now. I will be happy to join with them all in the coming years. I appreciate all who have taken care of her these last few years and helped her be the independent person she wanted to be.

Charlie, Your aunt would be so very proud of you at this time. I pray that all we have said and done has helped to ease the challenge of planning her memorialization. You are a good nephew. God bless you and we are grateful for all you do here at Greenwood for our families. Sincerely,
