I shared the following with Victor, but I wanted to share it here."I was friends with your mom - I met her when I was a young lady and she was friends with the Grepos in Spring Valley. She would go there on Fridays to have margaritas with them. I would visit my friends (it was their parent's house) and would hang out - your mom was so much fun and always had a smile on her face. Later my mom became good friends with her through church and her bible meetings. She loved visits from your mom. They were very good friends. When my mother was in the hospital she would always visit her. She was so upset and sad to hear about your mom. Blanca was such a wonderful friend to her and to me, and the rest of my family. She gave me advice when I needed it and will never forget her. My entire family is sad about the loss - she always came to our parties whether it was my mom's birthday or a bridal shower, we will miss her so much."Our thoughts and prayers are with all the Bracamontes Family in this difficult time...Catalina & Joe (& Family)
