I have so many memories with Wes here are just a few but there are so many more. We grew up together, we were neighbors and best friends. We did everything together. BMX, skateboarding, boogie boarding, riding the trolley everywhere and anywhere. Laverne would drop us off at the movies, mall and church sometimes. We also used to go to saint johns of the cross on Wednesdays for the soup kitchen. I remember we would have to pile on the black pepper heavy. We used to rap and sing together. We loved the song hip hop hip hop to you don't stop rocking by rappers delight and Allstar by smash mouth. It was an honor to be your friend through the good times and bad. We were like brothers and inseparable at times. I haven't seen you in almost ten years but our bond was strong and will last forever. It says to be absent from the body is to be present with the Lord. I truly believe that and will look for you first thing when I get there. I'm so sorry this happened to you and I send my love and prayers to your family. Love you bro save me seat at that big table.

Ive spent nearly 14 years missing home, family, and time I could have been spending with all of you. But, no matter how much time had passed, talking with you and laughing with you over the dumbest things was always easy. From today and everyday after I will miss you and I will mourn that time we will never get back. A big brother, a protector, a loving father, a caring son and now an angel. I will never not miss you. I love you.
