Linda Muren

MAY 16, 1968 - JAN 24, 2024

The family of Linda Muren has entrusted Greenwood Mortuary to tend to their care. While there is an emptiness that comes with deep sorrow of losing a dear loved one, may there be healing within our hearts once more. May the legacy of Linda Muren live on through the fond memories as we remember all the grateful opportunities we had with her.

Born on May 16th, 1968, Linda was a dedicated homemaker, providing love and care as a wife and mother of two sons, Elijah & Isaiah. John and Linda were married almost 26 years. Linda was passionate about Mexican culture and received her Master's Degree in Spanish Literature from Arizona State University. She then taught Spanish at a junior college for a year or two. Later, she worked at UCSD/Scripps Institute of Oceanography at C4 (Center for Clouds, Chemistry, and Climate) and at the UCSD Supercomputer Center, initially doing various bookkeeping jobs that eventually grew to involve helping researchers comply with federal grants processes. After the children were born, her focus shifted to them, and she eventually became a stay-at-home mom full-time, being very involved in their schools as a volunteer parent. She was first diagnosed with cancer at the age of 40 after her first mammogram and fought that cancer for almost 16 years, the last 12 of those years as metastatic cancer.

Linda passed peacefully at home on January 24th, 2024, holding the hand of the love of her life. Linda leaves behind her father, Julio Yee Cabrera, her husband John, her two sons, Elijah & Isaiah, as well as two brothers, Julio Ma and Po Chuy Ma. Grief is a wave that ebbs and flows which allows us never to forget our loved one. Take your time in that journey of grief in tears, reflection, and the joy in remembering Linda Muren.

May she rest in eternal peace. Linda will be missed dearly.

John Muren posted:

This picture of Linda with the brick wall background was taken in September of 2010, about 2 years after she underwent chemo for her primary cancer in 2008. The chemo caused her to lose all her hair, but when it came back, it had a beautiful curl her normally straight hair never had. Folks raved about it and asked her where she had it styled.

Claudia Vrahnos posted:

My fondest memories of Linda were our college years at UCSD, overall her being there for me. She would give me rides home for weekend stays. My mom was so grateful to her she would make sure to always have food waiting for us as a means to thank her. It gave my mom great joy to see how happy Linda was to come home to a home cooked meal. I'm going to miss her so much.
