Afterglow

I'd like the memory of me to be a happy one. I'd like to leave an afterglow of smiles when life is done. I'd like to leave an echo whispering softly down the ways, Of happy times and laughing times and bright and sunny days. I'd like the tears of those who grieve, to dry before the sun; Of happy memories that I leave when life is done.

I miss you so much Judi I can't believe you are gone. You were one of my closest friends. I could share anything with you and you always listened and cared. You were always there for me. When I first started at DE 29 years ago you were there for me always helping me if I needed help. You are one of the kindest most generous people I ever knew, I could always count on you. May you rest in peace, no more suffering. I love you and my heart is broken. Forever your friend Julie.

One of my fondest memories is when in 1993, we spent time together in Oahu when Ed, my husband, was working there. We had a great time. Also, for many years we had fun going after Christmas shopping together and in later years laughing about it. I will miss you little sister ❤️

Judith as I often called you. you were so nice to me my first day of work with DE on 46th. & University back in Sept. of 82. We spent a lot of time together as we worked together for 25 years and 10 in the same department. We remained friends until the end. You will be missed. Blessings to your family and friends. "Dana girl" - Aunt Judi gave me that nickname and she always (always) called me that. I'm gonna miss not hearing it from her, but I know it will live on in the family, just like her memory.

I've heard that when you lose a loved one that they'll come back to check on you in the form of a hummingbird. I was visited frequently when I lost my Mom. I've found that I've been visited frequently again when we lost Judi. JoAnn and I were sitting on her patio and there was one that fluttered right up to us, studying us... I've noticed one almost everyday and it brings me comfort...
