Jason and Susana employed my late husband, Willie Young Jr, at Village Square Apartments. Willie loved Jason so much and spoke only good things about his employers. I will never forget Jason's remarks at Willie's funeral just a year ago. Jason will be missed by all who knew him. My condolences and prayers go out to Susana and family. This is a difficult time but take one day at a time and treasure the memories that you have of Jason. Alma Young

Our heartfelt condolences. May you all find peace and comfort. We will always remember Jason by his big heart & hospitality. Whenever, we would visit with our family, Jason & Susana, always welcomed us into their home or planned something special for us to do. The grandchildren would get excited knowing "Grandpa Jason" is coming over, or they were meeting him for a family outing. Jason will deeply be missed and will always hold a special place in our hearts. Love, Mr. & Mrs. Sherrill Peacock

I never met Jason in person. I first spoke to him when our condo association in Detroit was in need of a new management company. I called Jason's number and he answered, even though he was in Amsterdam. We communicated many times over the past year by text, email and phone. He provided our board with references and was very highly regarded by the references I contacted. I feel sad that we were not able to work with Jason due to his passing at such a young age. Even though I did not know him, I feel a great loss of a very good man. I send my prayers and condolences to Susana and family. Eternal rest grant Jason, O Lord, and let perpetual light shine upon him. May he rest in peace. Sandy Murphy

We send best wishes and warm regards to all Jason's family in your time of profound loss and grief. Jason's departure leaves a hole in both our hearts. We always enjoyed, and very soon after meeting him looked forward to, our encounters and conversations with Jason, who oversaw the management of the building in which we live. He was kind, cheerful and uncommonly generous, eager to help and support us in any way he could. And, he helped us cheerfully and efficiently with difficult and simple problems alike. One occasion of his support impressed us especially deeply, as it was well outside his responsibilities and duties as director of our building's management. We were early sufferers of COVID and were caught without adequate supplies. When Jason learned we were ill and quarantined, he called to ask what he could do. We told him we had family gathering supplies for delivery the next day, but needed some analgesics ASAP. Within the hour, we received a text from Jason informing us the meds were outside our door. What an extraordinary gesture from an extraordinary man! The world has lost an exemplar; the community comprising our building, and its employees and residents will feel that loss everyday and for a very long time. Fare thee well, Mr Dean. We're thinking of you, fondly. Richard Scott & Victoria Neale
