

Paul Albert Booth

November 16, 1923 - July 24, 2020

Paul Albert Booth was born in Washington, Pennsylvania November 16, 1923 and moved to San Diego as a child. His education included graduating from San Diego High School, receiving a Bachelors degree from Balboa University and Masters from USIU. He also served in the Army during WWII spending time in England.

The biggest part of his working career was as an Accountant for Rohr Aerospace Corp in Chula Vista for 35 years retiring in his 50's.

The mother of his two boys, Brad and Doug was Wilma Fern Mitchell, who preceded him in death in 1978. He was also married to Bette Lee Brogan, they enjoyed his retirement traveling all over and spending time with family.

Everyone that knew him liked him and loved him...he was a GREAT person, loving to travel, play golf and go to Del Mar...every day if he could!!

Two things brought him the most joy, Golf and Family! Golf became a 2-3 times a week ritual into his mid 90's. Family times were many, especially during Fall Holidays, his Birthday, when he came to ball games, etc. And, in recent times nothing could bring a belly laugh or the biggest smile more than a picture of his Great-grandchildren or being with the one's near by. So happy he got to see and be with them as much as he did because it meant so much to him, every picture, every conversation, every minute.

He is also preceded in death by his older brother Richard Booth and his youngest son Douglas Alan, and Bette.

He is survived by his son, Bradford Owen Booth, daughter-in-law Beverly, daughter-in-law Julie Booth, brother Jim Booth and sister-in-law Leona, sister in-law Jeannette Booth, Granchildren - Nick & Amelia Booth, Johnny & Jolette Booth, Garry & Arlene Booth, Abby & Joel Fitzpatrick, 6 Great Granddaughters, 2 Great Grandsons, and many Nieces, Nephews and Great Grandnieces-Great Grandnephews.

Dad, Grandpa, Great-Grandpa, Uncle, Brother...so loved, will be so missed but never forgotten.

Comments

“ One of my fondest memories with Grandpa Paul was our time spent on the golf course. In my youth, we hit balls together at the range and often played a round with my dad (Doug). A favourite day on the green was a morning spent at Pelican Hill Golf Club playing with Grandpa Paul, Uncle Brad, and Dad. It was great to meet up with the Booth boys as I was about to move up north for university studies. Paul had some good hits, and of course, Dad and Brad hit like pros, as always!

In more recent years, I was happy I was able to introduce Paul to my partner Amelia and our daughter, Rose, while on vacation in California. We had some great conversations during these catch ups, and I cherish these times I got to spend with him.

We will miss you Grandpa Paul.

Love,
Nick, Amelia, Rose & James

“ One of the greatest memories is that day we all met in San Clemente and Bev and I and my dad got to be with you, Amelia, and Rose, and Joel, Abby, Gemma and Ruby. My dad loved golf, and loved playing with Doug and I and his grandkids.
