

## Ms. Silvia Teran Flores

August 26, 1963 - March 30, 2022

Strong, independent, determined, intelligent, loving wife and mother. Those are just a few of the words that describe Silvia Teran Flores. She was a diligent worker and always earned everything. Nothing was ever handed to her. She would not have it any other way. Her commitment to her work earned her success for herself and her family. Along the way showing her kids what hard work and commitment can bring you. Now those same kids carry that legacy on for further generations. She taught her kids respect and courtesy in a time where it is what the world needs. Even her imperfections made her perfect. She was hard in her ways, but it is what made her so strong and durable. She took life by the horns and wrestled it until the last day. Determined as can be she was. Smart and Sassy as some would call her but that sassiness is what made people smile and laugh. She truly was an angel in disguise.

She was a devoted wife that took care of her departed husband until his last breath. Her angel in heaven Ismael awaits her arrival for their eternal days in Heaven in the company of her mother Martha, her sister Olivia, and her son Alejandro. She leaves behind two sons, her niece Daisy, and her nephew Marc that she loved like her own kids, her daughter in law Mayra and brother-in-law Vince. She leaves a void that will never be filled. But the good memories and the lessons she provided her kids and family will serve for many lifetimes to come. Thank you, Silvia Flores, being the most beautiful mother, you could be.

Flores Family.

THANK you Note:

Thank you, family, and friends, for accompanying our mother Silvia as she reunites with her mother, husband, son, and sister. Thank you
